

Subject: Request for 1-Day Extension on Technical Brief Deadline

Dear Supervisor-Software Engineer,

I hope this message finds you well.

I am writing to request a brief extension for submitting the technical brief originally scheduled for tomorrow. Over the past two days, I encountered a significant bug that required immediate attention and resolution to ensure the stability of our upcoming product. This issue has been successfully resolved; however, it has impacted my progress on the technical brief.

The technical brief, as I understand, is a pivotal element for the strategic plan you are crafting. To maintain the quality and thoroughness it demands, I kindly ask for an additional day to finalise and deliver a comprehensive document.

Given the critical nature of this brief in our strategic planning, I believe that ensuring its completeness is paramount. Therefore, this extension would be greatly beneficial not just to me but to the overall strategic objectives we are aiming to achieve.

Thank you for considering my request. I am committed to delivering a detailed and insightful brief that will contribute effectively to our strategic plan.

Warm regards,

Moses Yebei,

Junior Software Engineer
